Why Automatic Bottle Take Out System for ASB Machine?

- **Synchronised Speed** and Fully Automated
- **No Human touch** on the Bottles.
- **No unpacked goods storage** on the floor.
- **Easy changeover parts** at bottle changing which provides minimum time for bottle changeover.
- **Increases efficiency** and **productivity** for production lines
- It can workout for **any shape** like round, oval, square, etc. It is enable for **unsymmetrical shape** of bottles also.
- Contact parts are **resistant to flaking, chipping, scuffing so will not cause any cosmetic damage** to containers
- **Saves money** through efficient use of personnel
- **Minimal operator training** required
- **Fast adjustment** reduce downtime and maximize uptime
- Built to be **reliable, trouble-free and dependable** for years of operation
- INDIAN made-easy access to **spare parts** and **service assistance**
- User **friendly & maintenance less** design.
- **Low noise level** at higher speed.
